

Silver Jewelry

SOUTHWEST HARBOR - Southwest Harbor Public Library will be featuring the jewelry of John and Diane Ringseisen for the month of October. John and Diane started making jewelry in 1998, one year before they married. They enjoyed a healthy business in Newport, Rhode Island before moving to Europe for five years. They have since resettled in Southwest Harbor and have opened a studio in their home. John attended Rhode Island School of Design and taught his wife the art of working with silver. They describe their jewelry as simple and elegant. Their work will be on display in the Holmes Room. For more information, call the Library, 244-7065.
